Sample Phone message –

Hello, my name is [_____] and I am from [state]. I would like to register my opposition to Sen. Durbin's legislation, S 722, the dietary supplement safety act. I oppose this legislation because it is trying to "reinvent the wheel." There is legislation already on the books [in the Federal, Food, Drug and Cosmetic Act] called DSHEA that works and only needs to be enforced. We don't need a new law. We need to enforce the laws that are already on the books. And, I want to encourage Senator [_____] to support new legislation introduced by Senator Harkin and Senator Hatch, S 1538 – The DSHEA Full Enforcement Act – that would provide more funds to FDA to enforce the law. Thank you for your time, and remember.... DSHEA makes sense, let's make it work!
